

CinnaCoal Business Plan (Jamaican Dollars)

“Ignite the Scent of Nature”

1. Executive Summary

CinnaCoal will produce cinnamon-infused bamboo charcoal briquettes in Jamaica for local and export markets. Our product is eco-friendly, naturally scented, and designed for BBQ, household heating, and air purification. Targeting sustainability-minded consumers, our brand stands out by combining functionality with aroma.

2. Business Objectives

- Launch in 6 months
- Reach production of 10,000 briquettes/month by Year 1
- Break even by end of Year 1
- Expand scent lines and export by Year 2

3. Products

2 lb pouch (J\$500)

10 lb box (J\$1,800)

20 lb bulk bag (J\$3,400)

4. Market Analysis

Target Markets:

- Local BBQ vendors and households
- Eco-conscious buyers
- Resorts and Airbnbs
- Wellness & gift sectors

Key Advantage:

- Jamaican bamboo
- Scented with local cinnamon
- Eco-packaging
- Clean, long-lasting burn

5. Marketing Strategy

- Social media campaigns (IG, TikTok)
- Farmers markets and eco-retailers
- Direct partnerships with hotels and organic stores
- Branded packaging with scent appeal

6. Operations Plan

Carbonization: Bamboo carbonized in drum kilns

Infusion & Binding: Mixed with binder and cinnamon powder

Shaping: Pressed using manual/hydraulic press

Packaging: Kraft bags labeled and sealed

Sales: Local delivery and vendor drop-offs

7. Management & Staffing

Owner/Manager: N/A (sweat equity)

Production Assistant: J\$77,500/month

Sales Agent (Part-time): J\$45,000/month

Freelancers (as needed): Included in branding

8. Financial Plan

Startup Costs:

- Kiln/Drum & Setup: J\$77,500
- Grinder/Mill: J\$46,500
- Briquette Press: J\$124,000
- Packaging Materials: J\$62,000
- Branding & Logo: J\$38,750
- Raw Materials (Initial): J\$46,500
- Tools & Safety Gear: J\$23,250
- Total Startup Cost: J\$418,500

Monthly Operating Costs:

- Bamboo, Cinnamon, Binder: J\$46,500
- Labor: J\$122,500
- Packaging: J\$23,250
- Transport: J\$15,500
- Promotions: J\$15,500
- Utilities & Maintenance: J\$7,750
- Miscellaneous: J\$7,750
- Total Monthly Ops: J\$238,750

Year 1 Revenue Projections:

Q1: 500 units - Revenue: J\$192,500 - Net: -J\$526,750 (after setup)

Q2: 1,000 units - Revenue: J\$385,000 - Net: -J\$336,250

Q3: 1,500 units - Revenue: J\$577,500 - Net: J\$61,250

Q4: 2,500 units - Revenue: J\$962,500 - Net: J\$365,250

Total Year 1: 5,500 units - Revenue: J\$2,117,500 - Gross Profit: J\$165,000

9. Risk Management

Risk: Rain affects drying - Mitigation: Solar dryer or covered racks

Risk: Limited cinnamon supply - Mitigation: Secure contracts with local growers

Risk: Fire hazards - Mitigation: Use proper safety and training

Risk: Market acceptance - Mitigation: Product demos and early feedback rounds

10. Expansion Opportunities

- New scents: clove, lemongrass, orange peel
- Activated charcoal for air purification
- Export-ready packaging
- Branded incense-charcoal hybrids
